The Permanent Commission on Access to Justice, the New York State IOLA Fund and NYSTech, provide free webinars to support the New York State legal services community on topics relating to remote working, security and the delivery of legal services. Technology support webinars are intended for tech responsible staff, senior management and interested attorneys at New York State legal services organizations. All the webinar presenters volunteer their time and expertise.

If you would like to be added to the technology mailing list to be notified of upcoming Technology Support Webinars and the 2022 Technology Conference, email: accesstojusticecommission@nycourts.gov.
